Introduction

Indonesia Pavilion – Creativity, Quality, Partnership

The Indonesia Pavilion presents a curated selection of high-quality handmade products created by skilled Indonesian artisans through generations of craftsmanship. Each product features exceptional design inspired by Indonesia's rich cultural heritage, interpreted through a contemporary approach that ensures authenticity, refinement, and relevance to International markets.

Guided by the theme Creativity, Quality, and Partnership, these exclusive collections are showcased only at the Indonesia Pavilion, reflecting Indonesia's commitment to creative excellence and long-term trade collaboration.

Explore Indonesia Pavilion and connect with Indonesia's creative and trade potential.

Tak Ada Rotan, Koran Pun Jadi.
Born in 2009 from a Trash Bank program at Sekolah Alam Bogor, our brand transforms discarded newspapers into distinctive woven handicrafts. What began as an environmental initiative—collecting and sorting waste to raise awareness—evolved into creative experimentation with one of the most abundant materials: newspaper.

PRODUCT CATEGORIES

ARAE

Founded to fund community initiatives around national parks and address limited job opportunities and confidence among local women, the brand chose ecoprinting and natural dyes as a business rooted in environmental responsibility. By working with nature rather than machines, it has positively impacted over 650 lives, supported forest protection, and promoted biodegradable practices that contribute to environmental healing—driven by the belief that true happiness (ARAE) is found in sharing love, empowerment, and positive social and ecological impact.
